

YOUR OFFICER

MAKING LOCAL COMMUNITIES MORE SECURE

FREDERIKSBERG
KOMMUNE

TOGETHER WE MAKE LOCAL COMMUNITIES SAFER

Copenhagen Police is divided into smaller local areas and each of these has at least one 'Your Officer' assigned to it.

Your local officer walks, bikes and drives in your local area.

The local officers work to strengthen the security in the areas and to help with issues facing you. They have a deep-grounded knowledge about their different neighborhoods, the work with the different municipalities in Copenhagen Police and are in close dialogue with residents, companies, schools, youth clubs and other parts of the local society. 'Your Officer' is also part of the local SSP-partnership, which works to prevent crime among children and youth.

'Your Officer' is an active partner you can use to solve local challenges, so that together we can make sure our neighborhood is secure and a nice place to live.

You can find the direct number to 'Your Officer' on the back of this pamphlet.

YOUR OFFICER CAN ASSIST WITH THE FOLLOWING:

- Deal with challenges or unrest in your local community.
- Participate in activities with children and youth in the community.
- Give talks about the work of Copenhagen Police and legislation.
- Pay a visit to your workplace, sports club or association.
- Arrange 'safety walks' where you and your neighbors can pinpoint less secure areas in the community.
