Fact sheet

Guidance on border rules

- The police make sure that persons wanting to enter Denmark meet the conditions for entry.
- In case a foreigner who wants to enter Denmark does not meet the conditions for entry, that person will be refused entry.

Testing requirements and recommendations in connection with entry

- Persons resident in a country other than an EU Member State, a Schengen country or the United Kingdom must present proof of a negative COVID-19 test carried out no more than 72 hours before entry if they want to enter Denmark in connection with certain purposes. This also applies to persons entering Denmark from a closed border region who do not have a worthy purpose of entering.
- To be allowed entry into Denmark, persons resident in a country other than an EU Member State, a Schengen country or the United Kingdom who are not required to take a test must make a solemn declaration that they will take a test within 24 hours of their arrival and isolate themselves for 48 hours after the test if they are not able to present proof of a negative COVID-19 test carried out no more than 72 hours before entry. Persons entering Denmark must also solemnly declare that they will isolate themselves for seven days in case they do not have any symptoms or for 48 hours after the symptoms have stopped if they test positive.
- Other persons entering Denmark may also be urged/invited to take a test for COVID-19 at one of the testing stations at the border crossing points or at the airports.

Testing offers in connection with entry

- Testing stations have been set up at Copenhagen Airport/the Øresund Bridge, at Billund Airport and at the Kruså and Froslev border crossings to Germany. Danes and foreign tourists can be tested for COVID-19 at these stations, which will be open every day at least during the daytime.
- Mobile testing stations will be set up at the other Danish airports, ports and border crossing points when needed. It is possible to be tested at these stations from time to time.
- Moreover, routes will be planned when needed for a number of mobile testing stations in holiday areas to make tests available for tourists, employees of shops, amusement parks, restaurants etc.
- Persons entering Denmark can call the official coronavirus hotline at tel. +45 70 20 02 33 for further information.

Test results

- Foreign tourists will be contacted on the phone within 48 hours by the Danish Coronavirus Tracking Unit if they test positive. If a foreign tourist is not contacted within 48 hours, the test is negative.
- If a foreign tourist tests positive for COVID-19 during his or her stay in Denmark, the Danish Health Authority’s recommendations on self-isolation etc. apply.

- All persons resident in Denmark and issued with the special Danish NemID login solution will receive their test result at www.sundhed.dk no later than 48 hours after the test.
